THE CHURCH COLLEGE OF HAWAII

1967 - The Year of the Spartan

THE SPARTAN — known for his skill and bravery, he also took great pride in his personal appearance in battle. He learned to obey commands well, endure hardships, and accept the strictest discipline.

1967 saw the Spartan chosen by the student body to represent C.C.N.Z. in all sports and competitive activities —a "school mascot" to promote and inspire good sportsmanship and satisfaction in doing one's best.

May the Spartans of C.C.N.Z., present and future, uphold the traditions of the Spartans of the past.

ADMINISTRATION

Character is the aim of true education; and science, history, and literature are but means used to accomplish this desired end. Character is not the result of chance, but of continuous right thinking and right acting. . . . Students in the Church College of New Zealand: Choose the paramount purpose of true education and let it be yours as you seek your education in this school which is established to develop character.

—President David O. McKay

Principal's Message

This outstanding publication, Beehive 1967, will be one of your most prized possessions. Its value will be enhanced as the years go by, for it will serve as a reminder of your experiences at the Church College of New Zealand.

The Administration, faculty, and staff of this school are dedicated to preparing you for a happy and successful life through the eternities. Remember always that you are important, and that your greatest gift to God is the life you live.

Douglas J. Martin, First Councilor; Harry S. Peckham, President;
Taka W. Panere, Second Councilor

HAMILTON STAKE PRESIDENCY

In May of 1966, the College became the seat of an innovation in the Church. With the approval of the First Presidency and the Council of the Twelve Apostles, two student wards were organised, to include all the boarding students at the Church College with the necessary adult leadership to be drawn from the parent Temple View Ward.

The idea of student wards is not new in the Church, but the student age "profile", as it exists in these two wards, is unique. But uniqueness has not prevented these organisations from becoming effective, smooth-working units in the Hamilton Stake.

Opportunities for development of leadership ability have been enlarged through the student ward operation by giving students numerous callings to serve as assistants and counsellors, secretaries, choristers, members of priesthood executive committees, and teachers of many of the Sunday School, MIA, and priesthood classes.

And now, after the first full year of operation, we see the growth in individual reverence, spirituality, and testimony regarding the revealed truth of the Gospel that comes from serious acceptance of these responsibilities and increase in dedication and devotion to the Lord's work.

May we sincerely congratulate the leaders and students of these two wards on the manner in which they have confirmed our faith in their ability and desire to carry out such a programme.
